

# CASS'S BACKPACK ACTIVITY

## BE PREPARED: Pack Your Pack!

To be a survivalist like Cass, you must always be prepared. A survivalist is ready for everything and anything – whether it's a tsunami, a lethal bathtub mold, or a plague of man-eating locusts.

Play the following game to stock your backpack with the 12 essential items listed on the next page and temporarily forget about oncoming disaster.

### You'll need:

- 2 dice (they don't have to match, but they both have to go up to 6).
- A copy of the following sheet (make copies if there are 3+ players).
- A pencil or pen.

### How to play:

- Choose a backpack on the sheet and write your name at the top.
- Roll the dice (take turns if there are 1+ players).
- Add OR subtract the two dice to get your number.

NOTE: In order to roll a "1" you'll have to subtract.

- Check off the item in your backpack that corresponds with the number you rolled. Each item only counts once.

The first person to check off all the items will be suitably prepared when disaster strikes.

Congratulations!

For a quick game: The person with the most items in their backpack after 10 minutes wins.

NAME

✓ **PACKED:**  (+ or -)  =

- ◇ Flashlight 4
- ◇ Compass 9
- ◇ Silver Mylar space blanket 2
- ◇ Box of juice 6
